

# Set up Coinbase account

1. Go to Coinbase homepage  
www.coinbase.com

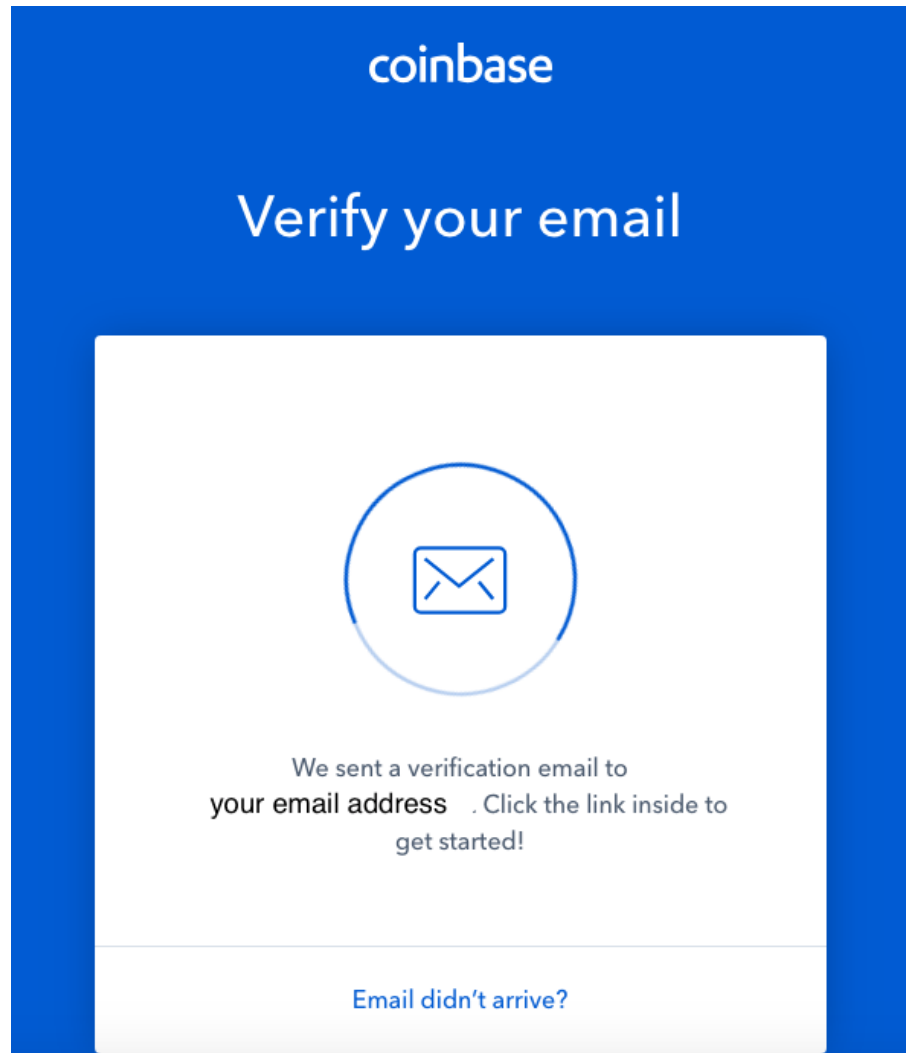

2. Get start: fill in your information  
(Name, Email, and password)

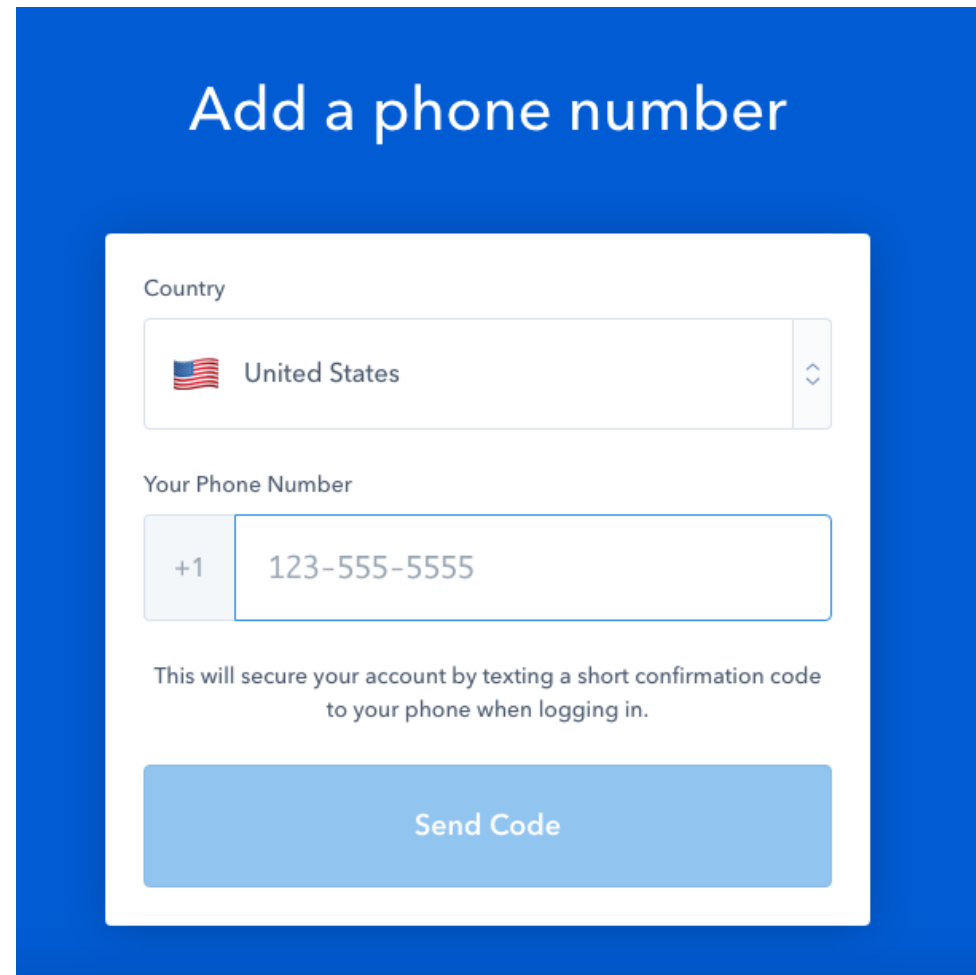

## 2.1 Verify your email

→ go to your email and click the link

## 2.2 Add phone number

→ receive a code on your phone  
→ enter the code

The image shows the Coinbase 'Add a phone number' form. The title 'Add a phone number' is centered at the top in white on a blue background. The form itself is a white box with a blue border. It contains a 'Country' dropdown menu with the United States flag and 'United States' selected. Below this is the 'Your Phone Number' section, which includes a country code dropdown with '+1' selected and a text input field containing '123-555-5555'. A message below the input field states: 'This will secure your account by texting a short confirmation code to your phone when logging in.' At the bottom of the form is a large blue button labeled 'Send Code'.

3. Verify your identity: fill in following information (required)
